

# RECIPE FOR *Change*

## BASIC INGREDIENTS

---

1 pair of eyes sees light or dark  
1 internal battle creates a personification of  
    yes or no  
1 head turns, so I begin to go  
    walking ahead I see the sign  
I want to forge ahead without creating a line

1 opportunity doesn't knock so  
    I create a door with a lock

I walk right through  
    It's not light or dark  
    Just different  
    Color hues
